# THE *Baby* DIARIES

The Complete Baby Tracking App  
Midwives Recommend

**Keeps track of baby's feeds, sleep, nappies, growth, milestones and medication all in one simple app!**

A simple, easy to use baby app that keeps track of baby's sleep, feed, change times, growth, medication and milestone achievements in one safe place. You can even share milestones to your social media, access amazing discounts, while being kind to mother earth.

Designed and developed by mothers, The Baby Diaries offers peace of mind to parents and carers. And like all of our apps, it's FREE! What's not to love about that?!

Track Feeds, Sleep  
& Medications

...because you have enough to remember.

Record Precious Memories  
& Milestones

...and have it stored in one,  
easy to access, place!
